2024/25

PROPS & DECOR

HOW IT WORKS

We have additional items for hire to include props, decor, lighting and much more, most items are free with every booking, and some larger items carry a small fee for delivery setup and collection.

Usage is not limited to your bar hire package and can be used to decorate various areas of your event space. Items are delivered the day prior to the event when setting up your bar hire package.

However we can also accommodate early delivery if you wish to start decorating your venue prior to our attendance, all items are offered on a first come first served basis and any costs are subject to vat at the standard rate.
